

OEM AND AFTER-MARKET REPLACEMENT FILTERS

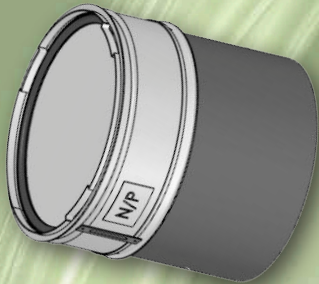

ON ROAD DPF & DOC REPLACEMENTS

Ward Clean Air Products offers replacement DOC and DPF filters for on-road trucks, model years '07 through '10.

Cummins DOC

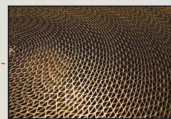

Volvo/Mack DPF

Detroit Diesel DPF

The Metallic DOC Difference:

We offer DOCs that are built to survive, using coiled metal compared to the ceramic bricks provided by the OEMs.

HIGH QUALITY EMISSIONS TREATMENT SOLUTIONS

For the after-market:

- Brand New
(Not Reconditioned)
- Built as Direct Replacements of
OEM Parts for Easy Installation
- Tested to Produce Same Emission
Reductions and Same Backpressure
as Original Units
- Can Be Cleaned in Same Manner
as OEM Part
